

E.C.A – „Hustokop“/„Understand“ (TT22001)

Fresh from Quazi Delict, **TT22 Records** shoots below the 140 mark with a fresh variety of TechHouse and sweet breaks...

Last Years „*There is a Message*“ from Manio + DaRoddmann aka E.C.A. on the Lighthouse label exceeded all expectations with a fantastic bonus „Spooky“ remix from Duncan Forbes.

The New Label's kick-off is spectacularly celebrated with **Hustokop** a full tilt driver from the get go! Deep ambient atmosphere builds then explodes through a backdrop of rough tribal beats. On the B-side **Understand** cuts loose with solid breaks and sweet soulful vocal samples. An unexpected cacophony of sudden sonic energy eventually leads the track towards final breakstep madness! Yes!
